The subscription period for each plan, and the total charge, \$59.96 (plus applicable taxes and regulatory fees), per subscription period for that product are set out above in the Charge Details section. This invoice will be automatically paid by credit card.

This invoice is very detailed, because you can see the exact period which you are paying for, with the exact date billed for. You will also be able to see if you are billed as a Basic, Plus or Premium customer.

Each quantity represent the quantity in months multiplied with number of employees. The unit price represents the price per month per employee.

An example: if you added three employees after 15 days, you would pay 0.5 quantity per employee for this month, 1.5 quantity in total for 3 employees, as we pro-rata the charge.

The price written in brackets stands for a credit rather than a debit.

You pay back in time for any members added since the previous invoice and you pay for all current members for the next month. So you only pay for what you use.
